

Leadership & Pharmacy Residency Preceptor Teams

PGY-1 Pharmacy Residency

Corrie Weiland, PharmD, MBA, BCPS

PGY-1 Residency Program Director

Senior Pharmacist – Order Sets

Sanford USD Medical Center

- ❖ PharmD: South Dakota State University
- ❖ PGY1: Sanford USD Medical Center

Hello! I am our PGY1 Residency Program Director. I graduated pharmacy school from South Dakota State University and completed my PGY1 Pharmacy Residency here at Sanford. After residency, I started as a clinical pharmacist in a variety of areas, including anticoagulation, critical care, pulmonology, and cardiology. I also worked as an overnight pharmacist for 5 years and with clinic medication safety for 2 years. After coordinating the PGY1 program for 3 years, I now serve as RPD for the PGY1 program and as senior pharmacist for training, protocols, and order sets, and chair an Enterprise order set standardization committee. In my free time, I enjoy being with my husband and daughters at our lake home where waterskiing, wake surfing, kneeboarding, Frisbee golf, and biking keep us active!

PGY-2 Thrombosis and Hemostasis Management Residency

I am the Anticoagulation Stewardship Director at Sanford in Sioux Falls. I am also a Clinical Professor, Department of Internal Medicine, at the University of South Dakota School of Medicine. I am the author and editor of several books on anticoagulation and an active member of several professional pharmacy organizations, including ASHP, MSHP, SDSHP, and ACCP. I served on the Editorial Advisory Board of the *American Journal of Health-System Pharmacy* and am a past president of MSHP. I was elected to be a Fellow of ASHP in 2011 and of MSHP in 2020. My research interests include evaluation of antithrombotic therapy safety & efficacy and of the benefits of anticoagulation services.

Michael Gulseth, PharmD, BCPS, FASHP

PGY-2 Clinical Pharmacogenomics Residency

Natasha Petry, PharmD, MPH, BCACP

PGY-2 Clinical Pharmacogenomics
Residency Program Director,
Sanford Imagenetics

Associate Professor of Practice,
NDSU

- ❖ PharmD: North Dakota State University
- ❖ PGY1: Trinity Health Center Minot

I am a clinical pharmacist at Sanford Imagenetics and Associate Professor of Practice for the North Dakota State University School of Pharmacy. I earned my BS in Microbiology, PharmD and MPH degrees all from North Dakota State University and completed a PGY-1 pharmacy practice residency at Trinity Health in Minot, ND. I serve as the residency program director for the PGY-2 in Clinical Pharmacogenomics at Imagenetics and precept PGY-1 elective pharmacogenomics rotations at Sanford Fargo Broadway Medical Center. I also precept approximately 14 APPE students per year.

I am a clinical pharmacist at Sanford Imagenetics and Assistant Professor of Pharmacy Practice for the South Dakota State University College of Pharmacy and Allied Health Professions. I earned my PharmD degree from the University of Iowa College of Pharmacy and completed a PGY-1 pharmacy practice residency at the Iowa City VA Healthcare System. I also hold a master's degree in bioethics from the Medical College of Wisconsin. I serve as the residency program coordinator for the PGY-2 in Clinical Pharmacogenomics at Imagenetics and precept the PGY-1 elective pharmacogenomic rotation at Sanford USD Medical Center.

Jordan Baye, PharmD, MA, BCPS

Sanford Pharmacy Leadership

Alyssa Howard, PharmD, MHA

Director of Pharmacy

Sanford USD Medical Center,
Sanford South Network &
Sioux Falls Regional 340B

- ❖ PharmD: South Dakota State University
- ❖ MHA: Bellevue University

I began my career at Community Memorial Hospital in Redfield, SD as the facility's first full-time clinical pharmacist. I focused on improving operational efficiencies as well as expanding & creating clinical patient care services. In 2016 I served as the rural pharmacy expert in NE South Dakota, managing two critical access hospital pharmacies. In October 2019 I joined Sanford as Director of South Region Network Pharmacy, serving 23 owned/leased/ managed facilities and running the regional 340B program. In July 2022 I stepped into my current role as Director of Pharmacy for the Sanford South Market, which includes my prior scope in addition to Sanford USD Medical Center pharmacy department. I love spending time with my husband and adorable daughter, and enjoy relaxing and creating memories with friends and family.

I graduated from South Dakota State University and completed my PGY-1 pharmacy residency and PGY-2 in critical care at Avera McKennan Hospital & University Health Center. After completion of residencies, I spent almost 5 years in the Milwaukee, WI area holding a variety of pharmacy positions including supervisor at a small Heart Hospital, Investigational Drug Pharmacist, Critical Care Pharmacist, and a pharmacy manager. After joining Sanford I staffed in Critical Care and the Heart Hospital, and became a Pharmacy Manager mid-2022. I enjoy spending my time outside of work at the gym, reading books, walking my goldendoodle, and spending time with family and friends.

Betsy Karli, PharmD, BCCCP

Pharmacy Manager

Sanford USD Medical Center

- ❖ PharmD: South Dakota State University
- ❖ PGY-1: Avera McKennan Hospital & University Health Center
- ❖ PGY-2 (Critical Care): Avera McKennan Hospital & University Health Center

Megan Maddox, PharmD, BCPS

Pharmacy Manager

Sanford USD Medical Center

- ❖ PharmD: South Dakota State University
- ❖ PGY1: St. Louis College of Pharmacy & St. John's Mercy Medical Hospital

I graduated with my PharmD in 1998 from SDSU. I completed a specialty residency in Family Medicine at St. John's Mercy Medical Center in St. Louis, MO. After completing my residency, I worked in academia holding faculty positions at St. Louis College of Pharmacy in Missouri and Campbell University School of Pharmacy in North Carolina. While at Campbell University, I was also a clinical pharmacist at Duke University's Family Medicine Residency Program. Prior to joining Sanford, I was with GlaxoSmithKline as a Medical Information Scientist then a Regional Medical Scientist, supporting their Cardiovascular, Respiratory, & Endocrinology products. I have been at Sanford for 15 years and my passion is keeping patients safe and providing optimal care through our programs!

I graduated from SDSU and completed my PGY1 residency at THE Toledo Hospital in Toledo, Ohio. Fun fact: My pharmacy residency was an 18-month program! My first job out of residency was to be a staff pharmacist at Sioux Valley Hospital (now Sanford). I have served as the IV room/sterile products coordinator and a decentralized pharmacist on 6000 and pediatrics. I became a pediatric supervisor for Sanford Children's Hospital when the castle opened in March 2009. I am married to Jeff and have two grown children. My daughter (Amber) is a dentist in Springfield, NE and her husband (also a dentist) is in residency at the University of Nebraska on his way to becoming an endodontist. My son (Austin) is a pharmacist who lives with his wife in Iowa City; she is in dental school at the University of Iowa. I live on a farm (my husband and I are the sixth generation to live in our old farmhouse!) and enjoy spending time at our lake cabin & watching college wrestling...I have a mat side seat to watch the Jackrabbits wrestling team!

Linda Oyen, RPh

Pharmacy Supervisor

Sanford Children's Hospital

- ❖ RPh: South Dakota State University
- ❖ PGY-1: Toledo Hospital, OH

April Schultz, PharmD

PGY-2 Clinical Pharmacogenomics
Residency Program Administrator

Director, Operations and
Pharmacogenomic Services - Sanford
Imagenetics

Clinical Assistant Professor of Internal
Medicine for the University of South
Dakota College of Medicine

- ❖ PharmD: University of Nebraska
Medical Center – College of
Pharmacy

I obtained my Doctor of Pharmacy from the University of Nebraska Medical Center College of Pharmacy and hold a Clinical Application of Pharmacogenomics certificate from the University of Florida. Prior to focusing on pharmacogenomics, I developed an inpatient pharmacy department in a small rural hospital serving acute care, outpatients, skilled and long-term care patients. I served as a content expert for oncology and sterile products for Sanford Health prior to transitioning to pharmacogenomics. I am an active member of several pharmacogenomics professional organizations. I serve as the Co-Principal Investigator of the BETTER study, a multi-center observational study funded through Sanford Children's Genomic Medicine Consortium, which aims to increase knowledge of pharmacogenomics in the pediatric population with anxiety and/or depression.

Hi! I'm Jennifer. I received my PharmD from South Dakota State University and completed my PGY-1 residency at Avera McKennan Hospital. I have worked in a variety of inpatient decentralized areas with both adult and pediatric patients over the years. I joined the Sanford Anticoagulation Management Service team shortly after it was established in 2011 and have seen it grow from a few hundred patients to a few thousand.

We currently manage warfarin and DOAC patients and support peri-procedure management of these patients for Sanford Sioux Falls providers. I precept the PGY1 ambulatory anticoagulation elective rotation, and the PGY2 required outpatient anticoagulation rotation. When I'm not at work, I enjoy spending time with my husband and 3 girls and keeping up with their activities.

Jennifer Schut, PharmD, CACP

Lead Pharmacist, Anticoagulation
Management Services Clinic

Sanford USD Medical Center

- ❖ PharmD: South Dakota State
University
- ❖ PGY-1: Avera McKennan Hospital
& University Health Center

Pharmacy Residency Preceptor Team

Billie Bartel, PharmD, BCCCP

Lead Pharmacist, Clinical

Sanford Aberdeen Medical Center

- ❖ PharmD: South Dakota State University
- ❖ PGY-1: Avera McKennan Hospital & University Health Center
- ❖ PGY-2 (Critical Care): Avera McKennan Hospital & University Health Center

I am a clinical pharmacist at Sanford Aberdeen Medical Center. After graduating with my PharmD and completing a PGY1 and PGY2 Critical Care residency, I worked as a critical care clinical specialist, PGY2 residency program director, and clinical faculty member at Avera McKennan Hospital and South Dakota State University until moving to Aberdeen and joining Sanford in 2015. At Sanford Aberdeen Medical Center, I work to implement and enhance clinical pharmacy services within our hospital and clinic – examples include pharmacokinetic dosing services, antimicrobial stewardship initiatives, inpatient anticoagulation management and an outpatient anticoagulation clinic. As the only clinical pharmacist in Sanford’s south network, I also serve as a clinical resource to other network pharmacists and work with the network pharmacy team to improve care standardization and medication safety. I have 3 wonderful children and enjoy reading, exercising, spending time outdoors, and competitive pursuits.

My name is Lynnette and I am a senior pharmacist at the Sanford Cancer Center. I graduated from SDSU with my PharmD degree in 2009. I went on to do my PGY-1 here at Sanford USD Medical Center. I moved over to my current position shortly after graduating from residency. I enjoy precepting pharmacy students and PGY-1 residents on their elective oncology rotation. I also serve on multiple committees, including being a co-chair of our Oncology Medication Safety Committee. Working in oncology keeps me busy with continuing to learn new therapies to treat our patients as the world of oncology is constantly changing. We also participate in oncology research trials and have a retail pharmacy on site. Outside of work, I enjoy spending time with my husband and two children doing sports, outdoor activities, and traveling. I also enjoy time curled up with a good book or watching movies with my family.

Lynnette Coolidge, PharmD, BCPS, BCOP

Oncology Pharmacist, Sanford Cancer Center

Sanford USD Medical Center

- ❖ PharmD: South Dakota State University
- ❖ PGY-1: Sanford USD Medical Center

**Lynsee Dowden, PharmD,
BCPS**

Cardiology Critical Care Pharmacist
Sanford USD Medical Center

- ❖ PharmD: South Dakota State University
- ❖ PGY-1: Saint Luke's Hospital of Kansas City, MO

I graduated from South Dakota State University and completed by PGY-1 pharmacy residency at St. Luke's Hospital of Kansas City. I started working at Sanford as a pharmacy technician, then intern, and now a pharmacist. Currently at Sanford I am one of the preceptors for the elective cardiology rotation that takes place in the Heart Hospital. I have helped develop the cardiology rotation and the rounding services with the cardiology team and primarily work in the Heart Hospital. I became interested in cardiology and critical care during my residency. My favorite rotation was CVICU in which I was able to work with ECMO and LVAD patients. I developed a passion for the LVAD patients and heart failure in general due to the complexity of these patients and their care.

A few fun facts about me: I am an avid Tennessee Titans football fan, my husband Lucas and I have season tickets to Stampede Hockey, and you will often find me showing pictures and telling stories of my dog Lolah.

I am a graduate of South Dakota State University, with a degree in Communication Studies in addition to my pharmacy education. After completion of residency in primary care practice, I accepted a clinical faculty position with SDSU College of Pharmacy with a focus in ambulatory care. Following my time at SDSU, I worked as a geriatric/long term care consultant pharmacist before starting with Sanford (then Sioux Valley Hospital) in 2005. My current practice areas include anticoagulation and critical care, in addition to my focus in oncology. I am passionate about optimizing care and outcomes for cancer patients, including training students, residents, and other pharmacists in the area of inpatient hematology and oncology. Outside of work, you can find me spending time with my husband and four children, keeping busy with a huge garden, and when time allows, curled up with a good book.

Sonya Dvorak, PharmD, BCPS

Oncology / Anticoagulation
Pharmacist

Sanford USD Medical Center

- ❖ PharmD: South Dakota State University
- ❖ PGY-1: University of Texas – Austin/Scott & White Hospital and Clinics

**Rhonda Hammerquist,
PharmD, BCPS**

Lead Medication Safety Officer
Sanford USD Medical Center &
South Network

- ❖ PharmD: South Dakota State University
- ❖ PGY-1: Sanford USD Medical Center

I am the Lead Medication Safety Officer for the Sanford South Network that includes Sanford USD Medical Center as well as our network hospitals. I began working at Sanford as a high school student in the daycare center! I transitioned to the pharmacy department when I started pharmacy school at South Dakota State University. I completed a PGY-1 residency here at Sanford then began working as a clinical decentralized pharmacist in critical care, oncology, and surgical/medical. I began working as a part-time Medication Safety Officer in 2010 which transitioned into a full-time role as the lead Medication Safety Officer at Sanford USD Medical Center, and in 2023 the scope grew to include the network. Outside of pharmacy, I spend most of the time watching/coaching my kids' activities and enjoy waterskiing, boating, camping, and hiking.

I graduated from South Dakota State University and completed a PGY1 residency at Avera McKennan. After residency, I worked with both pediatric and adult patients before becoming a clinical pharmacy specialist in pediatrics/neonatology. I have been in my joint position with Sanford Children's and SDSU College of Pharmacy and Allied Health Sciences since 2013. I primarily provide clinical pharmacy services for the pediatric intensive care unit, and I precept residents during their pediatric rotation. In my spare time, I can be found hauling my two children around to their various activities and following SDSU Jackrabbit athletics.

BCPPS**

Pediatric Pharmacist – Sanford
Children's Hospital

Associate Professor of Pharmacy
Practice - SDSU College of Pharmacy
and Allied Health Professions

- ❖ PharmD: South Dakota State University
- ❖ PGY-1: Avera McKennan Hospital & University Health Center

Thaddaus Hellwig, PharmD, BCPS, FASHP

Internal Medicine Pharmacist –
Sanford USD Medical Center

Professor of Pharmacy Practice -
SDSU College of Pharmacy and Allied
Health Professions

- ❖ PharmD: Texas Tech University
School of Pharmacy
- ❖ PGY-1: Christiana Care Health
System, DE

I graduated pharmacy school from Texas Tech University and completed PGY-1 residency at Christiana Care Health System. I have been an Internal Medicine pharmacist at Sanford since 2008 and am a Professor of Clinical Pharmacy at South Dakota State University. I am a preceptor for the Internal Medicine and Drug Information rotations, and am interested in infectious disease, liver disease, internal medicine, and anticoagulation. In my personal time, I enjoy listening to music, watching football/basketball, and attending my children's activities.

I graduated from North Dakota State University and completed my PGY1 pharmacy residency at Children's Hospital Colorado. I completed my PGY2 pediatric pharmacy residency with a focus in pediatric infectious disease at Children's Hospital Colorado. I worked there as the ID and ASP pharmacist for 4 years before transitioning to a general pediatric pharmacist role within Children's Hospital Colorado's network system for 3 years. I moved to Sioux Falls in 2020 and have been with Sanford since that time working with both pediatric and neonatal patients. I am board certified in pediatric pharmacy and am a research pharmacist with the Neonatal Research Network. I also am a Clinical Professor of Pediatrics with the University of South Dakota School of Medicine. I have 2 cute little boys – Asher and Lennox – that I love spending as much time as possible with. My husband and I LOVE Dave Matthews Band and have been to over 30 shows. I love running, hiking, and (attempting) cooking.

Sarah Hutton, PharmD

Transplant Clinical Pharmacist

Sanford USD Medical Center

- ❖ PharmD: South Dakota State University
- ❖ PGY-1: Moses H Cone Memorial Hospital and Greensboro Area Health Education Center

I grew up on a cattle ranch near Burke, SD. In 2001 I graduated with a Doctor of Pharmacy from SDSU then pursued a residency in primary care/family medicine in Greensboro, NC. Following completion of residency, I returned to my home state to work for SDSU College of Pharmacy, Sanford, and University Physicians Clinic. My position focused on teaching graduate pharmacy students, caring for patients in the clinic setting, and pain management in the hospital setting. In 2006 I became a member of the Sanford Transplant Team where I provide medication teaching and advice to transplant patients, and the nurses & physicians who care for them. In my free time, I enjoy going for a run or spending time outdoors with my husband and 3 kids.

I graduated from South Dakota State University and completed my PGY1 residency at Sanford USD Medical Center. Following residency, I worked within the hospital setting until I began my work in pharmacogenomics in 2020. I serve as the primary preceptor for the clinical longitudinal rotation of the PGY2 in Clinical Pharmacogenomics Residency Program. Much of my time spent with the resident is completing clinical reviews, responding to patient and provider questions, and seeing patients in the pharmacogenomics clinic.

My goal for residents is to increase pharmacogenomic knowledge, professional confidence, and independence. The main skills I focus on for professional development are communication and direct patient care skills. I am passionate about patient safety and advocacy. I enjoy spending time with family and friends, traveling, trying new food places, fancy coffees, being outside, walks, shopping, and updating our home.

Pharmacy and Allied Health
Professions

- ❖ PharmD: South Dakota State
University
- ❖ PGY-1: Sanford USD Medical
Center
- ❖ PGY-2 Emergency Medicine:
University of Iowa Hospitals
and Clinics

My name is Bri, and I am a clinical pharmacist in the ICU and ED, as well as an assistant professor for South Dakota State University's College of Pharmacy. I also serve as an adjunct professor for the USD Sanford School of Medicine. I attended South Dakota State University before graduating and starting my PGY-1 here at Sanford. I then went on to do a PGY-2 in Emergency Medicine at University of Iowa Hospitals and Clinics. Since completion of residency, I keep myself busy with patient care, precepting both students and residents, continued research involvement, and serving as our department's education coordinator. Outside of work, you will oftentimes find me enjoying the outdoors and throwback country music. I am also passionate about football and frequent adventuring in the Black Hills with my husband and Labrador retriever.

I graduated from South Dakota State University and completed my PGY-1 pharmacy residency here at Sanford. I am an Antimicrobial Stewardship pharmacist and also commonly staff on our pulmonary unit and in our children's hospital. I am the preceptor for the elective infectious disease rotation. On a personal note, I have a husband and 3 boys, and my interests include reading, camping, fishing, and just being outdoors!

Beth Loecker, PharmD

Anticoagulation, Pediatric,
Medication Safety Pharmacist

Sanford USD Medical Center

- ❖ PharmD: Creighton University
- ❖ PGY-1: Creighton University Medical Center

Hello! I am Elizabeth and have worked at Sanford since 2011. I completed my undergraduate and pharmacy studies at Creighton University and a PGY-1 pharmacy practice residency at Creighton University Medical Center. I work in a variety of decentralized areas including pediatrics, inpatient anticoagulation, oncology, and critical care. As you can tell, my interests span a broad range of specialties. I enjoy the versatility as well as the challenge of maintaining expertise in multiple practice areas. In addition, about 50% of my time is devoted to medication safety, primarily in the clinics and ambulatory sites. With regard to the residency program, I provide preceptor support for the anticoagulation, pediatrics, and medication safety rotations. Outside of pharmacy, I enjoy spending time outdoors with my husband and 2 kiddos, biking, reading suspense/mystery/crime fiction novels and playing board games.

I graduated from South Dakota State University in 2005 and completed PGY1 Pharmacy Residency training at Sioux Valley Hospital (now Sanford USD Medical Center) in Sioux Falls. I currently serve as a Pharmacy Manager & preceptor for the Administration and Leadership Development longitudinal learning experience. I am married, have four children, and reside in Tea, SD. I enjoy coaching my children in various sports, hunting, and spending time with friends & family.
