Dear Community Members,

Sanford Canton-Inwood has conducted a community health needs assessment (CHNA) and formally identified unmet needs in the community. A component of the 2013 CHNA work is a perception survey.

During FY 2012/2013 members of the community were asked to complete a survey to help Sanford identify unmet health needs. Sanford analyzed the survey data, identified unmet needs, and partnered with key community stakeholders to develop a list of resources and assets that were available to address them. A gap analysis was also conducted to identify the most significant health needs, and they were addressed in the implementation strategy that is included in this document.

Sanford Canton-Inwood has set strategy to address the following community health needs:
- Cost of Healthcare
- Obesity in Children

Sanford is also addressing mental health services and obesity through enterprise-wide implementation strategies. The enterprise strategies are included in this for your review.

Additionally, the asset map/resource list is included in this document along with the action steps that will be taken.

At Sanford Canton-Inwood, patient care extends beyond our bricks and mortar. As a not-for-profit organization, ensuring that the benefits of health care reach the broad needs of communities is at the core of who we are. By working with communities, we can bring health and healing to the people who live and work across our region. Together, we can fulfill this mission.

Sincerely,

Scott Larson
CEO
Addressing the Needs in Canton-Inwood

ACCESS

Community resources addressing the need:
- Sanford Canton-Inwood is constantly recruiting and looking for new providers.

Sanford’s commitment to addressing the need:
- The Sanford Same Day initiative will make it earlier for patients to be seen the same day they call for an appointment.
- Sanford has an active recruiting plan.

CANCER

Community resources addressing the need:
- Sanford Cancer Biology Research Center

Sanford’s commitment to addressing the need:
- Sanford has dedicated resources and recruited experts in the field of Oncology to address cancer research.

CHRONIC DISEASE

Community resources addressing the need:
- Sanford Medical Home
- RN Health Coach
- Sanford dietitians

Sanford’s commitment to addressing the need:
- Sanford has executed new programs to improve care coordination, including the Health Coach and Medical Home program for the purpose of impacting chronic disease. Sanford is committed to finding a cure for Type I Diabetes. Better Choices/Better Health is a program that addresses chronic disease self-management and is available free of charge to all patients with a chronic disease and is available on-line at https://selfmanage.org/sanford/
- Additionally, obesity is a co-morbidity of many chronic diseases and is a priority for Sanford Enterprise. The enterprise implementation strategy will address obesity.
- Sanford is participating in the chronic disease work with the South Dakota Department of Health.

Sanford Canton-Inwood Community Health Needs Assessment

Implementation Strategy

FY 2014-2016 Action Plan

Priority 1: Cost of Health Care

Goal 1: Run a story in newspaper on how preventive medicine helps reduce potential for future larger medical bills; run “Did You Know” articles in newspaper and provide narrative on preventive medicine visits and the resulting benefits

Measurable Outcome:
- News articles are published in the local newspaper

Sanford Resources:
- Marketing

Goal 2: Presentation to community groups about the actual cost of health care and how it increases if you do not go to the doctor for regular check-ups (i.e. getting your flu shot will help prevent the flu. The cost of the flu shot is “x” vs. if you get sick and have to go to the doctor, there would be an appointment cost plus the cost of the medication).

Measurable Outcome:
- Presentations to community groups are scheduled annually

Sanford Resources:
- Marketing
- Leadership

Goal 3: Work with Sanford Patient Financial Services to educate patients on financial assistance options

Measurable Outcome:
- All Sanford patients who qualify for financial assistance are contacted by Patient Financial Services

Sanford Resources:
- Patient Financial Services
Goal 4: Explore the offering of a “cash only” office visit or physical exam at a discounted fee

Measurable Outcome:
- Patient have the option of a cash only discounted fee

Sanford Resources:
- Patient Financial Services
- Leadership

Priority 2: Childhood Obesity

Goal 1: Promote Sanford WebMD Fit Kids website in local schools

Measurable Outcomes:
- Participation
- Activity logs

Sanford Resources:
- Sanford WebMD Fit Kids leadership

Goal 2: Brainstorm ideas to sponsor an awareness day/week at the schools that promote exercise along with healthy eating habits

Measurable Outcome:
- Awareness events are scheduled at the schools

Sanford Resources:
- Sanford dietitians
- Sanford exercise specialists

Goal 3: Offer classes on healthy eating by Sanford

Measurable Outcomes:
- Classes are scheduled quarterly
- Number of participants

Sanford Resources:
- Sanford dietitians

Goal 4: Sponsor classes on healthy eating in Canton and Inwood for the parents and/or children to provide awareness

Measurable Outcome:
- Classes are scheduled on a quarterly basis
Sanford Resources:
- Meeting space
- Sanford dietitians

Goal 5: Explore the potential of hosting a bike-a-thon for elementary grades where kids would ride their bikes up and down a specific one-mile road and at the end of the event prizes would be given for each age group (ex: new bike) and participation prizes for all participants.

Measurable Outcome:
- Number of participants

Sanford Resources:
- Sanford Foundation

Goal 6: Include healthy eating habits at our annual health fair and distribute recipes for healthy snacks

Measurable Outcome:
- Presentations are provided annually at the Health Fair

Sanford Resources:
- Sanford Food Service
- Marketing
Community Health Needs Assessment

Sanford Health
Enterprise Implementation Strategy

FY 2014-2016 Action Plan

Priority 1: Mental Health Services – Sanford One Mind

Goal 1: Integration of behavioral health services or access to behavioral health in all 38 One Care primary clinic sites

Measurable Outcome:
- All 38 primary care clinic sites within the enterprise will have access to behavioral health services by FY 2016

Sanford Resources:
- Sanford One Care Director and Assistant
- Sanford One Care Coordinator
- Daniel Heinemann, MD
- Stephen Nelson, MD
- Core Team Clinical Skills Development Coordinators
- Core Team Traditional Culture Advisor/Cultural Diversity Liaison
- Core Team IT
- Core Team Curriculum Development Team
- One Care Development Communication Coordinator
- One Care Department Assistant
- Clinical Skills Development Team (training over 200 physicians and over 360 staff)

Goal 2: Analyze and present outcomes of the first three years of integrated behavioral health services

Measurable Outcome:
- Results are analyzed and reported to leadership during FY 2016

Sanford Resources:
- Daniel Heinemann, MD
- Stephen Nelson, MD
Priority 2: Obesity

Goal 1: Create an annual symposium/workshop for providers to address weight management and obesity

Measurable Outcome:
  - CEUs are available for providers who attend the annual obesity symposium – first annual date set for April 25, 2014

Sanford Resources:
  - $10,000 budgeted
  - James Mitchell, M.D.
  - Linda Bartholomay, LRD
  - Carrie McLeod, MBA, MS, LRD, CDE
  - Luis Garcia, MD
  - Chris Tiongson, MD
  - Ron Wilsanen, MD
  - Jo Burdick, MS, BSN
  - Naomi Aufman, MS

Goal 2: Develop community classes and leverage existing resources, including dietitians, exercise physiologists, WebMD Fit Kids

Measurable Outcome:
  - Classes are scheduled to address obesity and obesity prevention

Sanford Resources:
  - Clinical Dietitians
  - Exercise Physiologists
  - Behavioral Health Team
  - Bariatric Services
  - Providers
  - WebMD Fit Kids
