

Vendor Representative Certification Process

All business partner vendor representatives who conduct business with any Sanford Health site must complete the vendor certification process in order to conduct business with Sanford Health.

Sanford will purchase products and services only from authorized, certified vendors. However, certification does not guarantee that products or services will be used in Sanford. In addition, appropriate Sanford decision-makers must review new products before product payment or use.

Please contact us with any questions or concerns at VendorRelations@Sanfordhealth.org.
