

Sanford Worthington Medical Center offers Direct Access laboratory testing, giving you the freedom to order several lab tests quickly, conveniently and confidentially without visiting the doctor. All the testing is done in our accredited laboratory and performed by the professional staff of Sanford Worthington Medical Center.

Direct Access laboratory testing was developed to help you monitor certain ongoing health risks or to assess the potential for health risks. The tests are a helpful tool but should not be used as a substitute to visiting your doctor on a regular basis.

Direct Access laboratory testing

Convenient tests. Accurate results.
Freedom to monitor your health.

DirectACCESS Hours:
Monday-Friday 8 a.m.-5 p.m.
Closed on weekends and holidays
