

**Sanford USD Medical Center Sioux Falls**  
**2020-2021 PGY-1 Pharmacy Residents**

**Kassandra Vettleson, PharmD**

**College of Pharmacy:** North Dakota State University

**Interests:** Pediatrics, administration, and pharmacogenomics

**Research Project:** Dornase alfa (Pulmozyme®) treatment for respiratory syncytial virus in hospitalized, mechanically ventilated pediatric patients

**Favorite thing about Sioux Falls:** The beautiful outdoor parks, cute downtown shops and restaurants, and getting to experience all four seasons!

**Savannah Suchor, PharmD**

**College of Pharmacy:** South Dakota State University

**Interests:** Oncology, pharmacogenomics, and internal medicine

**Research Project:** Metoprolol and CYP2D6: A Retrospective Analysis Evaluating Genotype-Based Outcomes

**Favorite thing about Sioux Falls:** I really enjoy the variety of things it has to offer – great stores, restaurants, outdoor activities, community events, etc. There is a little bit of everything for everyone!

**Scott Dingus, PharmD**

**College of Pharmacy:** South Dakota State University

**Interests:** Rural medicine, cardiology, and infectious disease

**Research Project:** Comparing aPTT versus anti-Xa monitoring of patients transitioning from apixaban or rivaroxaban to heparin infusion

**Favorite thing about Sioux Falls:** I really enjoy the variety of restaurants in Sioux Falls. There is an eatery for every craving.
