SANFORD HEALTH

BISMARCK MEDICAL CENTER RADIOGRAPHY PROGRAM

Academic Calendar
The program begins the first Monday in August annually, and ends the last Friday in May, 22 months later. Students will have the following scheduled time off:

- Labor Day
- Thanksgiving and Friday
- Week of Christmas
- New Year's Day
- Spring Break
- Memorial Day
- Week of July 4

The Radiography Program runs on (3) 26-week semesters and (1) 17-week semester. Students are required to complete rotational objectives, clinical performance evaluations, and competencies for each semester. Each of the four semesters becomes progressively more challenging than the last, as students gain knowledge and experience in their education.
